

# Assist. Prof. Amer assan Alhaddad

**Department of Civil Engineering**

**Email: Dr.amer.hassan@farabiuc.edu.iq**

## **Education:**

**PhD, University of Baghdad....., Year 1997**

**MSc, University of Baghdad....., Year1987**

**BSc, University of Baghdad....., Year 1975**

## **Profile:**

My teaching at the College of Engineering / University of Baghdad from the date of graduation until my retirement in 2015 during which I took over the head of the Department of Water Resources Engineering twice and the position of Assistant Dean of Financial and Administrative . The number of courses taught exceeded eight subjects, including two postgraduate courses. I supervised a number of graduate students and published a number of researches in my field. I still work in the field of teaching at Al-Farabi University College until now.

## **Teaching**

. Hydrology / Phase IV It's about surface and groundwater management. .

. Fluid Mechanics / Phase II The topic is about studying the characteristics of some fluids and their effect on the hydraulic structure and their movement in the closed and open channels.

## **Research Focus**

- Research field in hydrology
- Surface and groundwater management
- Legalizing water use in water projects
- Studies the new materials used in closed Drains

## **Affiliations/Activities**

- Iraqi Society of Engineers
- Iraqi Water Resources Association
- Reviewer in the Journal of Water Resources / Ministry of Water Resources
