

Assist. Lecturer Saja Ali Shareef

Department of Medical Laboratory Techniques

Email: ass.lec.sajamedlab@alfarabiuc.edu.iq

Education:

MSc, University of Nahrain, Year 2018

BSc, University of Nahrain, Year 2015

Profile:

- I was appointed to Al-Farabi University College on 1/11/2018.
- I worked in private laboratories from 2011 until now.
- Giving courses to students about laboratory equipment and their analyzes.

Teaching:

- **Laboratory equipment (theoretical + practical) / first stage / this article includes a brief explanation of all laboratory equipment and the principle of its work and its applications in general and in particular for the specialists.**
- **Microbiology (practical) / second stage / this article includes an introduction to microorganisms and the method for their detection after analytical methods.**
- **General Chemistry (practical) / first stage / clarification of all analytical methods for laboratory analyzes including biochemistry Gantt.**
- **Biochemistry (practical)/first stage/dentistry department/everything related to chemistry related to the biological aspect of experiments and compounds has been explained.**
- **Immunity (theoretical + practical) / third stage / The aim of this course is to clarify the aspects of immunity in the body and the defense against diseases using the defenses of the immune system.**
- **Hematology (practical) / third stage / includes clarification, understanding and inclusion of all laboratory analyzes related to blood diseases.**

Research Focus:

- **Take care of the biotechnology department as scientific research, and it includes a specialist such as microbiology, molecular biology, or biochemistry.**

Publications:

- Three research papers are under publication.

Affiliations/Activities:

- Nothing.
