

Professor Mohammed Baker Al Sinbili

Department of Petroleum Engineering

Email: profdr.muhammad.al-sunbeli@alfarabiuc.edu.iq

Education:

PhD, University of Oklahoma , USA, 1972

MSc, University of Texas@ Austin, USA, 1968

BSc, University of Baghdad, 1963

Profile:

working as field engineer in Iraqi oil fields in Basrah, Kirkuk and Mosol, with IPC ,BPC andMPC.
1963- 1967

Teaching in petroleum engineering department:

advanced reservoir engineering courses for MSc and Phd students , reservoir engineering for undergraduate students , enhanced oil recovery, drilling engineering , natural gas engineering, well logging, engineering analysis , computer programing ,reservoir simulation, fluid flow in porous media, (1973-1992)

head of petroleum engineering department –Baghdad University (1991-1992)

Professor of petroleum engineering -university of Altahadi , Lybia 1992-2001

Professor of petroleum engineering -university of Sudan of technology 2001-2003

Professor of petroleum engineering -university of Khartoum , Sudan 2003-2004

Research Focus

Reservoir engineering, enhanced oil recovery, reservoir simulation

Affiliations/Activities

Active member no.312 of AIME institute., and other American Societies.
