

Assist. Lecturer **Muna B. Mustafa**

Department of optical technique

Email: mona.bahaaeddin@alfarabiuc.edu.iq

Education:

MSc, University of Technology, Year: 2020

BSc, University of Technology, Year: 2012

Profile:

- Work as lecturer in the university of technology / department of applied science

Teaching

Medical glasses and contact lens: give the students the entire details of the glasses parts and material, and make them able to fabricate the glasses

Research Focus

- Laser medical application
- Laser application in eyes disease

Publications

- Temperature rise control for safe treatment of varicose vein by Nd: YAG laser
- Pre-calculated relevant Nd: YAG laser parameters for optimized varicose veins treatment
- Histological analysis of tattoo removal by water cavitation bubbles and jet formation using Nd: YAG nanosecond laser pulses
