Policy of QA on Bologna Path Programs

The QA policy on Bologna-path programs include:

1. Follow up that the program modules and content description are documented, announced and published on the website of the college.
2. Make sure that the students are aware of the program content, progress conditions, grading policy and graduation requirements.
3. Check the lectures are delivered according to the syllabus of modules, by documenting and publishing each module syllabus with the program description.
4. The QA Office structure includes Lab QA Section, Curriculum Section, Performance Assessment Section , and Statistics Section.
