

الاسم: ايمان شاكر محمود

تاريخ الميلاد: 1968/7/21

الشهادات الحاصله عليها:

دبلوم تحليلات مرضيه-المعهد الطبي الفني-قسم تحليلات مرضيه – بغداد 1991  
بكلوريوس علوم حياة –جامعة بغداد- كلية العلوم 1999

دبلوم احياء مجهرية –وزارة الصحة 2001

ماجستير احياء مجهرية-كلية الطب – جامعة بغداد 2004

دكتوراه مناعه سريرية- كلية الطب- جامعة بغداد 2008

حاصله على زماله دراسيه للسلامه والامن البايولوجي الامريكه 2022

اعمل لدى وزارة الصحة- دائرة مدينة الطب- قسم المختبرات -متقاعد حاليًا

اكثر من 65 بحث منشوره في مجلات عراقيه وعربيه وعالميه

الاشترك ببحوث في العديد من المؤتمرات داخل وخارج العراق

محاضره في دورة مختبرات العلوم والصيدله لعدة سنوات

محاضره في دورة مختبرات الاطباء لعدة سنوات

محاضره لى الهيئة العراقيه للاختصاصات الطبيه-فرع طب الجملة العصبية لعدة سنوات

محاضره لدى الاكاديميه الماليزيه (مادة الفايروسات الطبيه) لطلاب الماجستير لعدة سنوات

رقم الهاتف: 07702514429

## C.V.

**Name : Eman Shaker Mahmoud**  
**Date of birth : 21-7-1968**

### **Academic degree :-**

- Technical diploma / Institute of medical technology /medical analysis / Baghdad / first in the class .
- College of science Biology dep./ Baghdad univ 1999 / first in the class.
- Diploma in bacteriology / laboratory certificate / Ministry of health 2001/top degree in the group.
- **Master of Immunology / college of medicine /Microbiology dep. I Baghdad univ 2005/ Distinctive degree .**
- **Ph.D of virology / college of medicine /Microbiology dep. / Baghdad univ 2008/ Distinctive degree**

### **Post held.--**

- 1991-1994 Chief technicians in histopathology lab.**
- 1994-1999 Chief technicians in hematology lab.**
- 1999-2004 Microbiologist in immunology lab in medical laboratories center. Laboratory certificate / Sanofi-pasteur comp ./ France Directing periodical education lectures .**
- 2005 Immunologist in Immunology lab. in medical laboratories Center.**
- 2008-2014 Chief manger of virology department-Molecular diagnosis. in Teaching laboratories .**
- 2014-2016 Immunology Lab- HLA department.**
- 20-16-till now Chief manger of virology department in Dialysis center-Medical City Hospital .**

**supervised upon researches of postgraduate students regarding the virological and immunological and molecular subject .**

**-Member of numerous a academic societies including:-  
British**

### **List of publication :-**

- AIH and specific serological markers. 2004
- Prevalence of anti-neutrophil cytoplasmic antibodies (ANCA) in AIH-1.2004
- Prevalence and characterization of microsomal autoantibody in patients with chronic hepatitis D (HDV) infection .2004
- Prevalence of non-organ-specific auto antibodies (ANA and SMA) in type I –AIH .2004

- C3 and C4 complement components in autoimmune hepatitis. 2004
- HEPATITIS E IN PREGNANCY 2005
- Association of anti-phospholipid syndrome with autoimmune hepatitis .2005 Autoimmune hepatitis : another specific immune marker 2005.
- A comparison of the prevalence of auto antibodies in patients with chronic hepatitis C and those with autoimmune hepatitis. 2005.
- Role of liver/Kidney Microsomal Antibody type I with type 2 - autoimmune hepatitis 2005.
- Serum Immunoglobulins Levels in Autoimmune Hepatitis of Iraqi Patients 2005
- Anti- cardiolipine syndrome with immune hepatitis 2005 -
- The role of anti-liver cytosol 1 in the diagnosis of type 2 - AIR .2006
- Clinical Significance Of Anti-Neutrophil Cytoplasmic Antibodies (ANCA) In Different Types Of Autoimmune Hepatitis.2006
- Brucellosis as trigger for autoimmune hepatitis in susceptible individual 2006
- Brucellosis as trigger for autoimmun hepatitis in susceptible individual 2006
- A comparison of the prevalence of anti-LKM-1 in individuals with chronic hepatitis C and those with AIH . 2007
- Possible Association Of HLA-DR and DQ Molecules with Autoimmune Hepatitis in Iraqi Patients 2007
- Possible association of HLA class-I Molecules with autoimmune Hepatitis in Iraqi 2007 patients.
- Viruses as a trigger for autoimmune hepatitis in susceptible individual 2007
- Increased Frequency Of Complement C4 "Null" Alleles in Autoimmune Hepatitis 2008.
- Predictive Value of some Cytokines in the Course and Treatment of Chronic Hepatitis C 2008
- Effect of T-Helper (Th-1) Cytokines in the Pathogenesis and Treatment Responses of chronic Hepatitis C Virus 2008
- Frequency and scientific of antibodies to asialoglycoprotein receptor in Patients with AIH 2008 .
- Anti-liver membrane antibodies predict outcome of autoimmune hepatitis 2008
- Combination of HLA DR and DQ molecules determine the susceptibility to Insulin Dependent Diabetes Mellitus in Iraqi Patients 2009
- Possible role of IL-1 a and TNF-a in breast cancer. 2009
- Correlation between some immunological parameters and clinical presentation in RA patients 2009
- Is Chlamydia pneumonia an independent risk factor in ischemic heart disease? 2009
- Possible Role of IL-1 and Tumor necrosis factor-a in Pathogenesis of Rheumatoid Arthritis 2009
- Role of Complement C4 "Null" Alleles in Susceptibility To Systemic Lupus Erythematosus. 2009
- Prevalence of Hepatitis G virus (HGV) among patients with different chronic liver diseases. 2009
- HLA prevalence in Iraqi patients with ischemic heart disease. 2009
- Immunological profile in patients with colorectal carcinoma -2010
  
- Coeliac Disease: current concepts in diagnosis .2010
- Prevalence of hepatitis G virus (HGV) infection and risk factors among haemodialysis patients. 2011
- Prevalence and clinical significance of HCV genotypes among Iraqi patients.2011
  
- Helicobacter pylori infection and mortality from ischemic heart disease .
- HLA study in patients with colorectal carcinoma. 2011
- Immunological profile in patients with chronic hepatitis B virus-2011
- Distribution of genotypes among patients with chronic HCV-2011

- Distribution of genotypes among patients with chronic HBV-2011
- Distribution of HSV-1 and VZV in lower respiratory infection in children under two years - 2012
- Prevalence of Rota virus in children under 5 years with diarrhea-2012
- Plasma renin activity in patients with end stage renal disease-2012
- prevalence of pulmonary tuberculosis in patients with leukaemia-2012
- HCV genotype- Case study. 2013
- Angiotensin Converting Enzyme in patients with chronic HBV . 2013
- Aspartic acid in patients with epilepsy. 2014

The Frequency of Anti-Aquaporin-4 IgG Antibody In Neuromyelitis Optica.2014

- Vitamin E level in patients with epilepsy. 2015
- Performance of an interferon-gamma release assay in the diagnosis of tuberculous meningitis. 2016
- Serum Concentrations Of Interlukin-18 In Patients With Meningeal Tuberculosis (TBM). 2017
- The Association of Myasthenia Gravis with HLA class II Antigens in Iraqi Patients. 2017
- Study Of Toll-Like Receptor 7 (TLR7) Expression In Iraqi Patients With Chronic Hepatitis C Virus (HCV) Infection And their relationship with different genotypes. 2018
- Clinical spectrum associated with MOG autoimmunity in adults. 2019
- The HLA Typing (Class I And Class II) In Iraqi Patients With Myasthenia Gravis. 2019
- The Frequency of Anti-Aquaporin-4 Ig G Antibody and oligodendrocyte glycoprotein (MOG) in Neuromyelitis Optica Spectrum Disorders. 2019
- Prevalence of hepatitis C virus infection and its genotypes in Iraqi patient with chronic kidney disease undergoing hemodialysis. 2019
