

Personal Information:

Full Name: Layla Sideeq Mohamed Al-Jaff

Current Address: Iraq- Baghdad

Contact details:

Phone No. 9647713492995

Email address: laylaa.sidiyq@alfarabiuc.edu.iq

Academic Qualification:

- **PhD candidate of petroleum reservoir engineering, University of Baghdad - Petroleum Engineering Department**
- **Master of petroleum engineering-petroleum production engineering, University of Baghdad- Petroleum Engineering Department, 2013**
- **BSc of petroleum engineering, University of Baghdad, - Petroleum Engineering Department, I was one of the top ten students in the BSc stage, 2008.**

Academic Experience and Employment:

2009-2014 : I worked as lecturer in Baghdad university- petroleum engineering department

2014-till now : I 'm lecturer in Al - Farabi University Collage -petroleum engineering department

Teaching Experience (Courses Taught) at Al- Farabi University Collage- petroleum engineering department :

- 1- Petroleum production engineering for the fourth class**
- 2- Gas technology for the fourth class**
- 3- Optimization for the Fourth class**
- 4- Drilling Lab. for the third class**
- 5- Mathematics for the second class**
- 6- Static and Dynamic for the first class**
- 7- Physics for the first class**

Teaching Experience (Courses Taught) at Baghdad university-petroleum engineering department (from 2009 to 2014) :

- 1- Petroleum Reservoir engineering for the fourth class (Tutorial)**
- 2- Drilling lab. for the third class**
- 3- Petroleum properties for the second class**
- 4- Drawing Engineering for the first class**
- 5- Fluid mechanics lab. For the second class**
- 6- Computer lab. For the second class**
- 7- Computer lab. For the first class**
- 8- Chemical Lab. For first class**

Training Courses Conducted:

- 1- I have been trained with Schlumberger in Egypt/Cairo, 2008. I attended the training in Schlumberger information Solutions where I was**

exposed to different activities, including CMG, Oil field management (OFM) and other petroleum software.

2- I have participated the training course:

Efficient Workflow of Integrated Reservoir Management with CMG Applications, March 17-21, 2019, Iraq Space Center, Baghdad, Iraq

3-I have successfully completed course: “Simulation using Petrel-2018” in International Petroleum Academy.

Skill Certificates:

English language efficiency certificate from British Council, IELTS with score of 6.5

Languages:

1- Arabic and Kurdish

2- English (Excellent)

3- A little Russian
